Business Systems Modernization

Over the past five years DLA has crafted a robust transformation strategy that is now being deployed through a comprehensive portfolio of programs and initiatives

Business Systems Modernization is one of the main initiatives

Business Systems Modernization

- Business Systems Modernization:
  - DLA's COTS Enterprise Resource Planning (ERP) system
  - Re-engineered materiel planning, order fulfillment, procurement & financial management processes
  - BSM Release 1: went live 7/02 with 170,000 NSNs
  - Full scale deployment began 11/03
  - All of DLA's 5.2 million items are on track to

Until October ’06 Multiple Websites

- DLA BSM DIBBS: https://www.dibbs.bsm.dla.mil/
- Until all items migrate, non-BSM opportunities may be found at:
  - DSCP & DSCR: PROCUREMENT GATEWAY

    http://progate.daps.dla.mil/home/
  - DSCC: ORIGINAL VERSION OF DIBBS

SOLICITATIONS/SEARCHING

11. On the RFQ Search Results Page, there are various icons such as a capital red F and a capital SB as well as others. What do these icons mean?
12. Can I fax my quote?
13. I can't find a particular solicitation. What am I doing wrong?
14. When searching for a solicitation, I get a message that the requirement is no longer available on DIBBS. Will I be able to quote this?
15. The solicitation requires origin inspection and the quote form is asking me for a Place of Inspection. Supplies CAGE Code and Place of Inspection Packaging CAGE code. Where do I get this information?
16. I noticed that your solicitations have different numbers in the 4th position of the solicitation number. Why?
17. The Bidset/Drawing column on the RFQ Search Results page states "Processing". When will the drawing be available as we would like to quote this item?

BID TYPE

18. What is the difference between "Bid Without Exception" and "Bid With Exception"?
19. I have supplied the item in the past to the Government and I have been approved, but I am not listed as a source on the solicitation?
20. The cage code of the approved source and/or part number has changed or is incorrect on the solicitation. How do I quote?

QUOTING

21. How do I submit a quote on DIBBS?
22. Can I submit my quote after the closing date?
23. Can I change my quote once it has been submitted?

How Do I Submit a Quote?

Performance Transformation Culture

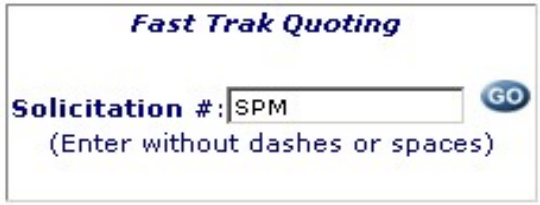
21. How do I submit a quote on DIBBS?

A user must be registered and logged into DIBBS in order to submit quotes.

Through Web Form Quoting, find your Solicitation via the RFQ Search and then click on the Quote icon displayed next to the solicitation number on the search results.

- After finding a solicitation on which you would like to submit a quote click on the "Quote" button. If you are not already logged on, you will be prompted to do so.
- Business rules for submitting quotes are available via on-line help.
- Click on "Submit" after completing the quote form and reviewing the synopsis of your quote for accuracy.
- The system will provide a message that the quote submittal was "Successful" or "Unsuccessful."
- Submitted quotes may be viewed until such time that the requirement is awarded/cancelled. Revisions to quotes submitted on behalf of a CAGE will overlay any previously submitted quote for the same requirement.
- Users are reminded that representations and certifications incorporated in individual quotes are binding in their entirety. Any penalties for misrepresentation contained in the referenced provisions still apply (e.g. penalties for misrepresentation of business status under FAR 52.219-1, paragraph (d)(2).

If you know the solicitation number which you would like to quote, you may use Fast Trak Quoting and go directly to step one of the quote form by-passing the RFQ search.



You can also quote on multiple solicitations through Batch quoting. Batch Quoting allows quotes on DSCC Request for Quotations to be batch uploaded. Quotes are prepared offline in a prescribed comma delimited format then uploaded via the Internet. You can find batch download files from the Welcome page (when you first log-on to DIBBS) or under the "Solicitation" tab on the Home page.

DEFENSE LOGISTICS AGENCY (DLA) MASTER SOLICITATION FOR AUTOMATED SIMPLIFIED ACQUISITIONS (PART 13)

AUGUST 2006
REVISION 15

PART I- Instruction to Vendors for the Submission of Quotes and PACE Evaluation:

Quoters/Offerors are encourage to conform their delivery terms as closely as possible to the delivery days requested.

This solicitation, called the DLA Master Solicitation for Automated Simplified Acquisitions (Part 13) is used for the solicitation of Request for Quotes (RFQ) and the award of Purchase Orders, for automated BSM acquisitions valued up to $100,000, for each of the Defense Supply Centers: Defense Supply Center Columbus (DSCC), Defense Supply Center Philadelphia (DSCP), and Defense Supply Center Richmond (DSCR). The DLA Solicitation for Automated Simplified Acquisitions (Part 13) is effective in May 2004 with the BSM Retrofit Release.

Effective in May 2004, the DLA Master Solicitation for Automated Simplified Acquisitions (Part 13) is referenced in all RFQs valued up to $100,000 that are located on the DLA Internet Bid Board System (DIBBS). Each RFQ contains a web link to this solicitation. The DLA DIBBS is separate and distinct from the DSCC DIBBS. Also effective in May 2004, and with this solicitation, is the implementation of the DLA Procurement Automated Contract Evaluation (PACE). DLA PACE is separate and distinct from the PACE programming that is currently implemented at DSCC, DSCP and DSCR.

Vendors are required to read provisions 52.213-9007 and 52.213-9008 of this solicitation to understand the solicitation, evaluation and award process for BSM acquisitions valued up to $100,000 as of May 2004. Each provision is provided in full text in Part I of this Master Solicitation.

The DLA Master Solicitation for Automated Simplified Acquisitions (Part 13) will be updated from time to time to reflect changes in law, regulation and acquisition policies and procedures. Vendors should not assume that a copy of the DLA Master Solicitation for Automated Simplified Acquisitions (Part 13) once downloaded, will remain effective. Updates to the DLA Master Solicitation for Automated Simplified Acquisitions (Part 13) will be identified by a date and revision number. Changes to the DLA Master Solicitation for Automated Simplified Acquisitions (Part 13) will be highlighted in each revision. Prior versions or the DLA Master Solicitation for Automated Simplified Acquisitions (Part 13) will be archived and available.

Data Custodian Registration

Step 1 - Data Input

Only individual data custodians for contractors currently certified under the U.S./Canada Joint Certification Program (JCP) may register for electronic access to restricted/proprietary technical data. U.S. and Canadian contractors who are not currently certified, and certified contractors who have designated a position (vs. an individual) as their data custodian, will need to complete/revise a DD Form 2345 to the Defense Logistics Information Service (DLIS) in order to receive electronic access to restricted data. The DD Form 2345 is available at http://www.dlis.dla.mil/jcp/ or by calling 1-800-352-3572.

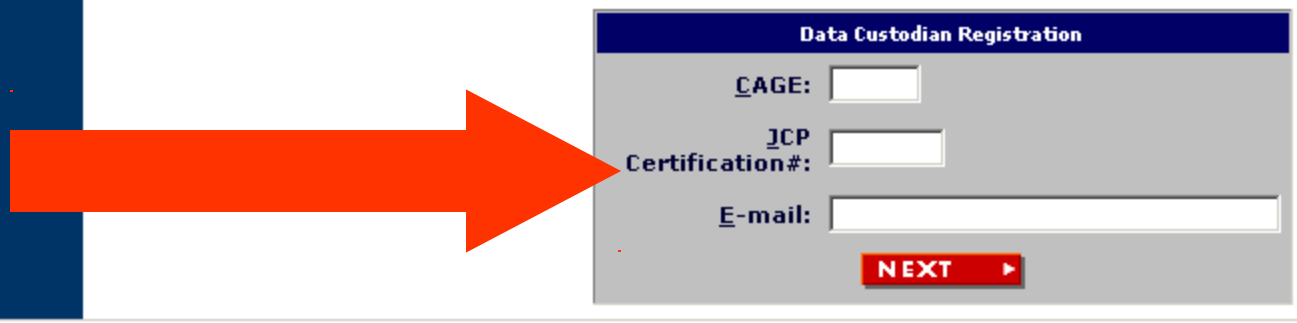
By entering your CAGE, JCP certification number, and email address below, you are certifying that you are the data custodian. You are also requesting a Password to logon and access restricted/proprietary technical data on the secure DSCC/BSM Bidset Website.

Once you select the NEXT button, you will be asked to validate information on the DD Form 2345 on file at the JCP for your CAGE.

If you are the individual named as the data custodian and all the JCP information is correct, select the SUBMIT button to submit your Password application.

Your Password will be sent by U.S. mail to the address on file at the JCP (block 2 of DD form 2345) in care of the Data Custodian.

Your JCP certification number and data custodian password must be used to logon and request access to restricted/proprietary data on DBI. Access to restricted/proprietary data will be granted via the Data Custodian Console. Each time you order or download restricted data the system will verify that your CAGE's certification with JCP has not expired. All requests for proprietary data will be marked suspended on the console pending DLA confirmation that your company has complied with applicable restrictions on dissemination.



Now You Are Eligible to Obtain JCP Drawings
